September Registrations

- It is now time to register for September classes. I know it seems early, but we have had so many kids away this year due to covid, masks, and social distancing that I have a lot of students already returning and registered for September classes. We would like to spend April working on a loose schedule to see where the most interest is. Solos and duo classes will be in limited spots so please get your requests in early so you are not disappointed. Please go to Candancestudio.com to register.

Year End Show

- We have begun sending home costumes for our performance in June. I do not know what that will look like, but we will have a virtual if not live show in June. If we can film at the theatre, in a ballroom, in the park or in the studio we will perform. I've been working with the Provincial health, the local government, act safe, and all the agencies to get our clearance. We have been granted the permission to film so now just need to find a venue.

Summer Dance Classes,

- We want to have dance classes for your children this summer. Would you be interested in classes? Camps? New trial classes in different areas of dance? Let us know what you'd like. We were thinking a week of tap beginners, intermediate and advanced. A week of contemporary beginners, intermediate, and advanced. A week of Acrobatics, a week of technique, flexibility, and strength. A week of Hip hop, what classes would you like to see?

Disneyland Parade Event

- Hopefully next year, or as soon as we can, we will be taking our dancers to Disneyland to perform in the Disneyland Parade. We will fundraise for this event but want to you begin thinking about this for when covid is over and restrictions are lifted. We need to get our team building and social interactions back and a trip to Disneyland with our team will do that. It is open to all dancers who take at least two hours a week of dance ages 8 and up. We will have a free Disney class to learn the routine and more information on this once we have covid under control. Just a heads up, your child could be part of an amazing journey if they wish. This will be totally optional and will not change anyone's classes in the regular weekly routine for September.
